REYNAERS ALUMINIUM NV

Reynaers Aluminium is a leading European specialist in the development and marketing of innovative and sustainable aluminium solutions for windows, doors, curtain walling, sliding systems, sun screening and conservatories. Besides offering an extensive range of standard solutions, the company also develops solutions that are tailored to the individual customer or project. In addition, the company also provides extensive technical support and advice to fabricators, contractors and architects. Some of its recent references are Ferrari World (Abu Dhabi), Aspire Tower (Doha), London Olympic Village...

The company is looking for : Large Commercial & Residential Real Estate Project Developers.

I would appreciate if you could send me a short selective list (with contact details if possible) of a few large commercial & residential real estate project developers **both in Karachi and Lahore** so that we could ask for meetings with the visiting Belgian company. I would be grateful if the said information is communicated to me at the earliest.

Thanking you, I remain, sincerely yours,
